Amazing virtual poll

Feb. 12th, 2008 at 7:57 AM

Since LJ is not one of the things I spend money on, I am making a not-a-poll.

Okay, it's a betting book, really. Only, again, without the money part.

Which of the following people will WEAR the "I voted" sticker in front of god and everyone?

Dad____

Mom____

Cowboy____

Wonder Woman____

Wabbit <3____

Duke (unfortunately, relying on anecdotal-!-verification)____

Harpy____

Platypus____

Cthulu's Pinup Girl____

Current Mood: I amuse me.

Current Music: The Weepies - Take It From Me

They weren't giving them out at my polling place.

Or I totally would.

Dad (Insouciantly), Mom (Virtuously), Wonder Woman (Proudly), Duke (Ironically), and Harpy (Earnestly).

Okay, Smartyboy, if you're so good, where did they adhere them?

And you missed one. (Though observation might have skewed the outcome on that one.)

I might even let you borrow it sometimes. That is, if I were to happen to have one.

Oh, she's not so bad. That space alien in the cape has turned her head, is all.

Give yourself an extra S, several pay grades, and a very sleek wardrobe, then.

Unfortunately, since he just left again, I am unable to verify how long he keeps the sticker on, which is the other part of this game.

Rotten sneaky profiler! Bleeding will not save him!

My Nancy Drewness kicked in. Office is between hospital and his place. Polling place is NOT between hospital and office.

He borrowed the sticker. Because he knew I had this planned.

Oh, wait til he opens his laptop.

Other note to self: that would be next *time*. November looms closer than 365 days. Oh, the weary round of duties that is citizenship.

Okay, who did I miss? You would claim it clashed with your outfit. Cowboy just wouldn't wear it. Just like he won't answer when you ask him who he voted for.

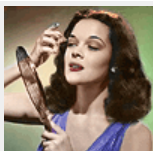

(And who is Cthulhu's pinup girl?)

Mom has hers on her lapel. As does Wonder Woman. Duke would have stuck his to his holster, but since that's not an option today, it's over his heart.

Harpy is sitting on the couch right now, and hers is on her coat collar.

Mine would be stuck to my forehead, of course.

...where you would get used to the feel of it and forget to take it off.

Wonder Woman is having a slightly-less-dignified day. On sweater, centered over sternum. Upside down. Mom rolled her eyes.

I cannot verify if the Cthulhu Dream Date is wearing one or not, and don't plan to call and ask. But we can still speculate. My guess is, voting is too much a thing the Irksome Meatsacks do. *g*

Of course it would clash with my outfit (they should offer an assortment of colors). But the Cowboy sometimes likes to confound expectations. Especially when he knows one of his coworkers is making book.

On the knot of his tie. I patted his pretty head and called him a jerk.

You know, I sometimes forget he's totally aware of it, and does it on purpose. You just don't expect that level of self-awareness in, well. Him.
